## HOW TO USE THE PHONE BOOK

This phone book is divided into three parts:

- Service Pages (containing International Country Codes, Calling Instructions and more useful information and phone numbers),
- Index (a listing of keywords), and
- Phone-Number Listing (an alphabetical listing of DSN and civilian phone numbers for the U.S. Army Garrison Bamberg).

If you are looking for a phone number, start your search with the alphabetical Index starting on page 2. The Index will tell you on which page and/or under

which section headline the number is listed. Alternatively use the search option in the online phone book which is available here: [www.bamberg.army.mil/phone.asp](http://www.bamberg.army.mil/phone.asp).

Here is a step-by-step example:

You are looking for the bowling alley:

1. Check the Index under B.
2. You will find the entry Bowling Center.
3. The Index will tell you to go to page 17 and/or the heading "Directorate of Family and MWR".
4. On page 17 you will find the bowling alley's info under the Directorate of Family and MWR headline.

Online users should hit ALT+F for a keyword search option.

All information in this phone book is subject to change.
